

Elveden's Play Charter

During our play we will be:

Respectful- play with our resources respectfully and use our words and hands kindly.

Trustworthy- think about ourselves, others and how we can be trusted when we play.

Hopeful- not give up with our play, try new things and be hopeful in new play and new friendships.

Forgiveness- be aware of how others like to play, forgive and move on with friendships if conflict or difficulties arise when we play together.

Friendship: to build friendships with their peers, using social skills to communicate and interact with others.

Perseverance: to continue to try their hardest even when things become tough, to learn from mistakes and not to give up.

During our play we will:

Keep ourselves and others safe.

Respect ourselves and others.

Be responsible when we play.

During our play, the Play Team will:

Encourage us to try new play.

Let us play how we wish (as long as we are safe).

Not take over our play, but join in when we wish them too!

Help us to tidy up after our play.

We will all agree to Our Play Charter and here is our promise:
